Clinical Supervisor Vacancy

Wanted for September 2021, to work with trainee counsellors on our BACP-Accredited Diploma in Psychodynamic Counselling

We are looking to expand our team of clinical supervisors, who work with qualified volunteer and trainee counsellors in our thriving community counselling service. We currently have an opportunity for at least one training supervisor to work with our trainee counsellor groups (up to 4 trainee counsellors per group, 1.5hrs per week, minimum 42 weeks per year) in the coming academic year, from September 2021. There may be additional opportunities to work with our qualified counsellor groups (up to 5 counsellors per group, 2hrs fortnightly).

CCS training supervisors play a crucial role, contributing towards both the clinical work of the service and the personal and professional development of our trainee counsellors. In addition to weekly supervision, training supervisors participate in termly meetings of the CCS training team and the assessment of individual students, including termly 1:1 tutorials. Experience of working with counsellors at the early stages of their career will therefore be a particular advantage. In addition, you should have:

- BACP accreditation / UKCP registration or equivalent
- a recognised supervision qualification (or be currently working towards this)
- experience in working with and modelling a psychodynamic approach
- an understanding and appreciation of CCS's charitable mission

COVID-19: Since the first lockdown in March 2020 we have been operating and offering our services at distance online / by telephone. If Government guidelines allow, we plan to recommence face-to-face working from our Offices at The Hornet at the end of the summer.

Remuneration: Supervision groups at £36.00 per hour, with tutorials / additional meetings at £36.00 per meeting.
